PREMIER ROSEBERY'S COMING ADDRESS

Mr. Gladstone Progressing Toward | Special Correspondence of The Evening Star. Recovery.

THE

ROME. March 9 .- One of the men taken to the hospital after being found wounded on the Piazza di Monte Citorio, after the explosion yesterday evening of the bomb in the front of the chamber of deputies, died this morning.

The rolice no longer doubt that the bomb was hidden 'n a high hat and was intended to be exploded in the chamber of deputies, and the conspirators might have succeeded in attaining their object had it not been that the chamber adjourned earlier than usual owing to the fact that Premier Crispi was suffering from a cold and was therefore unable to answer the many questions, notice of which had been given to the government.

The authorities express the belief that the bomb carrier, seeing the last of the deputies leaving the chamber, judged that it would be useless to attempt to enter that building, and so exploded the deadly missile to the Plazze di Monte Citario. building, and so exploded the deadly missile on the Piazza di Monte Citorio.

The police also claim that there is no doubt that the explosion was the work of anarchists, who had been roused to action by the fact that the deputies yesterday devoted considerable time to discussing the said Commonwealth's Attorney Lewister.

Mr. Gladstone Recovering. The health of Mr. Gladstone has greatly improved and he is now pronounced to be on the high road to complete recovery. Mr. and Mrs. Gladstone have received autograph letters from the queen, both the missives being couched in language showing high appreciation of the services ren-dered to the country by Mr. Gladstone. The letter addressed by the queen to Mrs. Gladstone is full of interesting reminiscences.
